THE LITTLE GIANT

A GRADUATE of Camden High once asked, "Why should I join the Alumni?" Here is the answer:

- Your little dollar works like a Trojan. It sends you THE ALUMNI NEWS to take the place of the letters that you have neglected to write to your class friends, affording a link in your memory chain.
- Next, it works to provide entertainment for you at the semi-annual receptions and dances. Where could you have more enjoyment and where could you expect to see more of your class friends than here?
- Most of all, since 1911, your dollar has helped forty-seven boys and girls to go to college—a chance that they would not otherwise have had. You have helped them to attain a higher plane of education and usefulness.
- Every membership paid is an indication of a noble thought. Noble, because it is the result of an urge from within. It is not compelled. It is emblematic of an unselfish character.

You pay your dues because you are what you ARE, not what others THINK you to be.
