

World History "Course."

These future shipmates of S.S. CAMDEN HIGH SCHOOL have all the capabilities needed to make the rest of their voyage successful. At the helm is President Samuel Doto, who is sometimes relieved of watch by Lois Dzinski. The funds of the ship are handled by Purser John Revallo. Secretary to all the ship's officers is Barbara Luciano. The juniors have certainly proved their ability in choosing capable officers.

This class is to be recommended for its fine scholastic, social, and athletic record. They have contributed several members to the National Honor Society, won honors in athletics, and displayed their talents on numerous occasions. They have the ambition and quality that they need in order to be successful in all walks of life.

The Junior Class under the faculty direction of Miss Mabel E. Lewis and Miss Jane Kittle will be more than ready to step onto the deck and to lead successfully the cruise of 1956.

## ***Dukes Award***

**HELEN ROBINSON**

On January 6, 1955, the L. Ida Dukes Award was given to Helen Robinson, who, in the opinion of both students and faculty, best exemplifies the qualities of scholarship, leadership, character, and service. It was a foregone conclusion that Helen, the most popular girl in the senior class, would be this year's recipient, for the whole school realized that there was no better choice than this blonde-haired, blue-eyed miss.

Besides being an exceptional student, (she ranks number three in the senior class), Helen plays an important part in all the school's activities. She serves as vice-president of the Student Government, secretary of the Senior Class, and secretary of the National Honor Society. Also, Helen was a finalist in the Public Speaking Contest, has worked for the Record, helped to write all the class shows, and participated in many, many more worthwhile extra-curricular activities. As president of the Camden regional Future Teachers of America organization, Helen has the opportunity to imbue into its members some of the many fine qualities which she possesses.

## ***Oaks Award***

**JACK SANTUCCI**

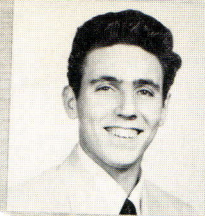

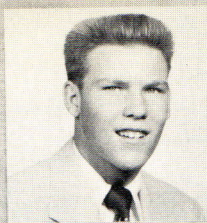

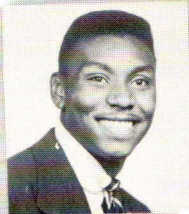

The Oaks Award is given annually to the senior boy who best possesses athletic ability, sportsmanship, personality, leadership, and scholarship. This year, Jack Santucci, Camden High's All State fullback, was the recipient. On January 4, 1955, Jack stepped to the platform to receive the award which symbolizes everything Alexander M. Oaks represented. "Tucci" fits right in with the many fine athletes who have been similarly honored, for, as fullback on "Pap's" eleven, he was partially responsible for the Avalanche's great record. Some sport experts consider Jack one of the greatest fullbacks the Purple and Gold ever had, and anyone who's seen Jack hit the middle for those few precious yards, or flair around end on his pitchout play, or break up the middle for a fifteen, twenty yard gain, or a "TD," can appreciate why Santucci's 36 points scored and two touchdown passes thrown represents a major contribution to the Avalanche scoring this year.

Besides starring at fullback, winning the Back of the Week, All South Jersey, and All State Awards, (and playing the outfield on our varsity nine), Jack serves as president of the Boys' A.A. and member of the Welfare Chest, Assembly Program, and Constitution Committees. A truly all-around guy, Jack is popular with students and teachers alike, and follows in the fine tradition of all the Oaks Award winners.
